YEGGS BLOW SAFE AT BIGLER STORE: GET \$600 IN CASH AND LOOT

7916 AUTOMOBILES
STOLEN SINCE JAN.
1 IN PENNSYLVANIA

Harrisburg, Aug. 16 (INS).—7,916 automobiles were reported stolen in Pennsylvania from January 1 to July 1 this year, according to a report from the Automobile Division of the State Highway Department. 3,135 were recovered.

During the same period in 1923 there were 7,809 thefts reported and only 1,953 recoveries.

"It will be seen," said Benjamin C. Eynon, of the Automobile Division "that while there is only a small decrease in the number of thefts reported there is no question but that the operation of the title law in Pennsylvania has had a very material effect on the number of recoveries."

"Without a certificate of title for a motor vehicle the thief is powerless to dispose of it in this State unless, of course, he sells it to some person with whom he is in collusion, and his only recourse is to take it to some other state where he is very often tripped up because of the fact that the majority of states contiguous to Pennsylvania either have title law or bill of sale law or some other method of establishing previous ownership and knowing of the title act in Pennsylvania they are suspicious of any car for which the owner is unable to furnish a Pennsylvania certificate of title."

"Our regulations are making it increasingly hard for any person to obtain certificate of title to a motor vehicle without some definite record of previous ownership and all applications for title are being checked against our files for previous titles issued or previous records on the car before a new certificate of title is granted."

"Furthermore, by checking our files for discrepancies in engine and manufacturer's numbers, duplicate titles or for applications made by more than one person for title to the same motor vehicle, we have assisted in the known recovery of some sixty automobiles within the last two or three months and we are now investigating the operations of certain dealers in various parts of the state whom we suspect of having transactions in stolen motor vehicles either intentionally or unintentionally."

HEALTH CONTINUES GOOD

Secretary Gaulin of the Board of Health reports a continued desirable condition of the public health in and about Clearfield. No new cases of communicable disease developed during the past week and there is but one case of typhoid fever and one of scarlet fever under quarantine at present. Both of these are located in the Third Ward and both were contracted away from home.

To "Primp" Men

"Dress Well and Succeed" is the slogan with which William Hobart of Chicago, above, intends to transform the drab uniformed careless man into a sartorial peacock. Weintraub is director of a campaign to educate men's taste to greater care, smartness and originality in dress.

FIND BODY OF DEPUTY
MATTEOTTI WHO WAS
MURDERED NEAR ROME

Rome, Aug. 16 (INS).—The body of the Socialist deputy, Matteotti, whose kidnapping and disappearance recently threw Italy into political turmoil, was found this afternoon near Crofano, a few miles from here. It was naked and was buried under fourteen inches of soil. A long, steel file had been plunged into his breast.

Says 6 Of 11 Endorsing
La Follette For A. F. of L.
Will Not Vote For Him

Washington, Aug. 16 (INS).—John J. Keegan former organizer for the International Association of machinists and now a member of the United States Employees' Compensation Commission, today made public a letter to Samuel Gompers, declaring that six of the eleven members of the council of the American Federation of Labor which recently endorsed the La Follette-Wheeler presidential ticket at Atlantic City, would not vote for these men in the election.

Keegan said he heard "six members of the executive committee plain ly and emphatically state that they were not going to vote for Robert M. La Follette."

POTATO CROP IS
IMPROVING AS THE
SUMMER WEARS ON

Harrisburg, Aug. 16 (INS).—The potato crop in Pennsylvania is improving, according to a statistical report of the Department of Agriculture.

The outlook for August shows an increase of 2,000,000 bushels over the July outlook.

Fields have been filled with weeds this year, but opportunity was given for better cultivation during recent weeks than at any previous time. Bugs are unusually numerous and constant attention to spraying has been necessary, the report says.

Throughout the entire United States the August forecast is 26 million bushels above that of the previous month, and about the usual production is now expected.

In the states that supply Pennsylvania marjority until early September, New Jersey, Maryland and Virginia—the crop continues to show increases over the 1923 production.

Pennsylvania will have 24,595,000 bushels the report estimates.

HANDSOME PAMPHLET
FROM THE PENN PUBLIC

A very beautifully printed and handsomely illustrated pamphlet of forty pages, bearing the title, "Penn Public System," and issued by the Penn Public Service Corporation, has been received at the Progress office.

Not only does the booklet contain a complete list of the various public service organizations grouped under the Penn Public System controlled through stock ownership of the Pennsylvania Electric Corporation but it also gives a brief history of each branch and the financial and physical facts of interest regarding them, as well as expansion possibilities of the system.

The corporation will formally open the Piney hydro-electric plant on the Clarion river on Monday, Aug. 18th, and the Progress acknowledges receipt of an invitation to be present at the opening exercises.

LADIES PLAY GOLF

The Ladies handicap golf tournament held at the Country Club yesterday resulted in Mrs. William Bigler winning and Miss Sarah Spencer, of Philipsburg, coming in second. The prize given was a pair of beautiful sweater buttons of white gold.

Fills Big Job

Mrs. Margaret Altman of Canton, O., is not only acting as a member of the national finance committee of the Democratic party but is waging a campaign as a candidate for state representative. She is a widow and the mother of four children.

Relatives Confident
Mrs. Cooley, The Lost
Bride, Will Return

Pittsburg, Aug. 16.—Friends and relatives of Mrs. Herbert M. Cooley, missing bride of a week, have practically abandoned search for her, and expect Mrs. Cooley to return home soon after the excitement over her disappearance ceases.

Daniel S. Tobin, the missing bride's father who is a prominent politician of McKeesport, near here, said today that he expected his daughter home in a few days "as soon as this newspaper excitement over her subsides."

Mrs. Cooley was last seen in an Erie hotel where she had stopped on a honeymoon trip with her husband.

LAST SESSION OF
REPARATIONS BODY
IS LIKELY TODAY

* London, August 16 (INS).—
* Chancellor Marx of Germany,
* notified Premier Herriot of
* France today that the Germans
* are ready to sign the Reparations
* Protocol this evening. The conference is expected to wind up at 7 o'clock after a plenary session.

By DAVID M. CHURCH

I. N. S. Staff Correspondent.
London, Aug. 16.—With an agreement at hand between the French and Germans for evacuation of the Ruhr the Allied Reparations Conference has passed into its final stage today.

The Germans, under pressure from the outside and necessity at home, made further concessions to the French regarding military evacuation.

Under the protocol—which has yet to be signed—the French and Belgians agree to evacuate the Ruhr within a year, but it is understood that withdrawal of troops will be commenced as soon as the Dawes plan is operating.

"We are extremely and profoundly disappointed over the result of the conference," said a statement issued from German headquarters. "We estimate, however, it will be possible to pass the necessary legislation in the Reichstag to execute the Dawes plan. We will point out to the German people we had to submit to force."

"Our only hope for early evacuation of the Ruhr is intervention by the International Bankers when the time comes to raise an international loan for Germany."

"We believe and hope the Bankers will insist upon early evacuation!" The heads of the Allied delegations met at 10 Downing Street at noon, calling in the German delegates for a heart to heart talk.

Steel Production In The
Sharon District Show An
Excellent Fall Outlook

Sharon, Aug. 16.—Steel mill operations in this district indicate a resumption of capacity business according to steel manufacturers in this section. Next week's forecast for mill operations show that the Sharon steel hoop company will operate at full capacity here and work six open hearths and nine sheet mills at Youngstown. The Westinghouse electric and manufacturing company is also running at full capacity. The American Sheet and Tin Plate, Carnegie Steel Company and American Steel and Wire Company plants are also maintaining their production schedule.

APPLE CROP IS FAR
BELOW NORMAL BUT
BETTER THAN THOT

Harrisburg, August 16 (INS).—The commercial apple crop of Pennsylvania this year is far below normal, figures compiled by the Department of Agriculture show.

The forecast for August however is slightly better than for July, which was 34 per cent of normal. This month's outlook places the crop at 39 per cent of normal. Prospects on the same date last year were for 53 per cent of a normal crop.

A CHICKEN SUPPER

A jolly bunch at the Bigler Outing Club enjoyed the evening of August 4th at Happy Hollow, about twelve miles east of Clearfield, where a delicious chicken supper was served. If you don't think so, ask James and Orville Smeal. We will name Reuben Smeal as toastmaster. The party consisted of Orville Smeal and family, Reuben Smeal and family, James Smeal and family, Kenneth Smeal, Mr. and Mrs. C. H. Dennis of Altoona, and Mr. and Mrs. J. A. Quickelmeier, of Altoona. A COMBINATION OF PETER SHAW AND
FAULTY CONDITIONS AT COUNTY JAIL
ALLEGED CAUSE OF NEAR JAIL BREAK

Further investigation down at the Commissioners by the Welfare Secretary in the following recommendation:

Fine mesh screens should be provided for the cell windows; the large and window of the cell room and for the window in the "juvenile" room. In addition we recommend such a mesh screen on the entrance door to the cell room.

"Another recommendation that should be carried out is contained in the report to the County Commissioners and is given herewith:

"We would call your attention to the inadequate provisions under which visiting is permitted. It would be very easy to pass in drugs, liquor, weapons or any other articles. We recommend the installation of an interview screen to be placed on the barred iron door of the men's cell room and that all interviews take place through this screen. It would seem as though the Board should be able to visit the prison more frequently than once a month. If not, the entire Board, individual members should be assigned each week.

This is highly important, as the saws found in the prison are said by the prisoners to have been left there by a recent inmate of the jail, now in the penitentiary, who got them from a visitor by means of the unscreened windows, following visits to the jail where the arrangements for such smuggling were made.

According to the story told by the attempted jail breakers, Bonnell and Bartlebaugh had arranged to make their getaway. Stuller was helping to harvest at the County Home and the other two were to dig their way out of the jail, join Stuller at the County Home and she had arrangements all perfected for the then hang up his hat at Billy McClure's "den" for the coming four months' period. George did or is doing that.

The necessity for fine wire screens over the jail windows were also again called to the attention of the County

Like Blackboard

They don't need a blackboard when Fred Rowles, an Oregon lumberman, is around. All they do is trace something on his back with a light stick and it stands out in relief through a swelling of the skin. His friends call it "autographic skin." The condition disappears within a few minutes.

PERRY A. ROWLES

Perry A. Rowles, who died at his home on Mt. Joy road, just beyond the borough line, on Thursday, Aug. 14, 1924, was born at Grampian and was aged 49 years, 11 months and 24 days. He was a Spanish-American war veteran having been a member of Co. L of the Fifth Regiment, P. V. I.

He is survived by his widow, three brothers and three sisters as follows: Frank Rowles, Mrs. Jennie Derrick, Mrs. Cora Segar, all of Grampian; W. G. Rowles, of Clearfield; Warren P. Rowles, of New York City; and Mrs. Marie Aurel, of DuBois.

The funeral will be held from his late home on Sunday afternoon at 2 o'clock. Interment in Hillcrest cemetery.

Andrew Buranovsky had the hardihood to present himself before Judge Chase Thursday and enter a plea of guilty to violating the liquor law in several different particulars. Andy was saluted for \$300 and costs and will live for beans down at the Clearfield County jail every day for the coming four months.

Rev. John M. Waddell,
Former Pastor Here, To
Speak At Union Meeting

Of Blairstown, N. J., widely and popularly known in Clearfield because of his acceptable pastorate in the Presbyterian Church, is to be the preacher in the union meeting of the Five Combining Churches of Clearfield, tomorrow evening in the Presbyterian church, is scheduled to ment will be read with great interest and satisfaction by many of Clearfield's citizens. The presence and services of Dr. Waddell tomorrow evening will mean the coming of an unusual number of people to what has already become a very popular service. Of course, all the personal friends of Dr. Waddell will give him their attendance. Strangers, visitors—in fact all, are invited.

The announcement for the meeting on August 24th will be of special interest. Just as soon as all of the arrangements are completed, the full program for that service will be made known.

IRVONA PEOPLE ARE

More Than A Score Of
Cases Cause The State
Health Authorities To
Lend A Helping Hand.

HEALTH FINE HERE

The little town of Irvona in the southern end of Clearfield county is in the throes of a typhoid fever epidemic at present there being between ten and fifteen cases already developed in the town.

The State Health Department has taken the matter in charge and every attempt is being made to stamp out the disease. The source of infection has not been finally determined as yet, but it is thought to have come from a spring or well.

Clearfield's lone case of typhoid was contracted at Irvona in July, the victim being a little 3-year-old Third Ward girl.

Prominent Johnstown
Physician, A Woman,
Killed By Accident

Dr. Bertha T. Caldwell, prominent as a physician, civic and welfare worker in Johnstown, died at the Memorial hospital in that city at five o'clock on Sunday evening as the result of injuries sustained on the night of July 31st when she fell through the flooring of the Coopersdale bridge into the Conemaugh river.

Dr. Caldwell was born in Johnstown and a graduate of the Woman's Medical College, Philadelphia. She spent eight years in India as a medical missionary, returning to Johnstown in 1902. Since that date she had practiced her profession in that city. She was the first probation officer for the city of Johnstown and later county probation officer. She served several years as school director, was a prominent member of the Civic Club, the Eastern Star, Order of Amaranth and Y. W. C. A. She was an active member of the Lutheran church and a teacher in the Sunday School. Burial was made on Wednesday afternoon.

George Ludvig, of Houtzdale, appeared in the Court yesterday morning and admitted the sale of a couple of pints of shine at his home. George said his wife was the merchant but he would go to the bar for her. Judge Chase told George to bat 300 "iron men" into the County Treasury and then hang up his hat at Billy McClure's "den" for the coming four months' period. George did or is doing that.

MAKE \$600 HAUL

Expert cracksmen dropped into the little village of Bigler, midway between Clearfield and Philipsburg, some time last evening and going to the general store of Walker Brothers, blew the safe to pieces and managed to get away undetected with about \$600 in money and a lot of valuable papers the safe contained.

The safe crackers covered the safe with blankets and clothing taken from the shelves to muffle the sound from the explosion and so quietly did they work that they got away with their haul without disturbing anybody in the village.

The robbery was discovered by Chester Walker when he opened the store for business this morning. No clue was left behind by the cracksmen.

Woodland Girl Artist
Captures First Prize
In Color Page Contest

For the first time since the Children's Coloring Contest started, the first prize goes out of town. Miss Bessie Baker, of Woodland ran away with the first honor this week with Charlotte Zerfoss a close second. Miriam Boyd and Virginia Jane Genhart received third and fourth respectively. Bessie's page showed real imagination in the way of backgrounds and colorings and, taken all in all, was a very fine page. The others were very good but Bessie's little touch put her in first place.

Tickets to the Liberty Theatre were awarded to Merritt Herlein, Fred Livingston, Allen Freeman, Jessie Stine, Allan Peak, Virginia McBride, Norma Davis, Mary Louise Gengery, Eugenia Smeal, Woodward Peoples. Come on kiddies, there aren't many more pages to color and if you are going to go after that grand prize of \$10 for the best page turned in during the contest, you will have to get busy.

THREE INJURED IN AUTO
WRECK YESTERDAY P. M.

Grampian, Aug. 16.—A large touring car carrying seven passengers turned over near the Reams Watering Trough yesterday afternoon resulting in the serious injury of three of the occupants. They were removed to the DuBois Hospital where they were reported as getting along as well as could be expected last evening.

The injured are: George Greshko, Mrs. Mary Greshko and Michael Geshko, of Drifton, Pa., the three suffering from cuts and bruises.

The party were traveling in the direction of Clearfield, and claim that another car forced them off the road. Persons who witnessed the accident hurried to the aid of those pinned beneath the car and Dr. H. G. Shaffer of Grampian, was called to attend to their injuries.

The remainder of the party were taken on to Clearfield by another motorist.

Miss Nellie Dobson and mother arrived home Thursday after spending some time in Pittsburgh.

ODDS AND ENDS AND THINGS

By J. D. C.

Fred B. Wilson has moved his family from Clearfield to Waterford on the Lakes-to-the-Sea highway, near Erie, Pa., where he is now engaged in raising silver black foxes for the Post Le-Bout Fox Company's ranch, where they have many thousands of dollars invested in fox breeding for their fur.

We have heard some little question about the truth of all of John Zumpstein's nature faking tales, but while we can't agree that John tells the truth all the time, we must confess that in the main we have to believe him.

That is alright as far as we are concerned, but it don't hold good for John W. Nelson. John W. has been a close observer all his life, has spent much of his time outdoors living close to nature and has been a careful student of wild life in all its aspects. He can tell the truth, too, but he insists John Zumpstein failed to do so when he told us about those little rattlesnakes taking refuge in their mother's interior corridor, when he ran across them on a recent trip to the mountains.

Nelson says that it is impossible of belief because the old woman snake wouldn't have room enough to accommodate more than five or six young rattlesnakes at the most, to say nothing of three dozen as John says he saw disappear.

Nelson on one occasion, down in Girard township during the last week in July, killed two female rattlesnakes and a copper head. He was accompanied by Jim Condon, of the Sheep Rocks, and after killing the snakes, decided to dissect them and found each snake carrying from six to eight young in sacks or eggs about ready for hatching. John said each one of the rattlesnakes were eight inches long and had the tips of their tails adorned with buttons ready for buttoning on the rattlesnakes' mother would buy them for a birthday present.

This is the first snake story Nelson ever told us, but we haven't been able to see Jim Condon yet for verification of that post mortem, but we're looking for him.

REEDSVILLE INDIANS WIN

The Reedsville Indians added another scalp to their belts by defeating the Clearfield Sewer Pipe Sluggers by the time of 10 to 0 last evening. Gus Tyson must have mislaid his rabbit foot.

Large Amount Is Spent in Legion Relief Work

John R. Quinn, national commander of the American Legion, in pointing out to Minnesota Legionnaires recently what the Legion has done in welfare work declared:

"In addition to the aid given by the 1,200 Legion posts throughout the nation, the Legion's national rehabilitation and welfare committee alone has spent more than \$27,000 in the past 12 months in relief work. The American Legion is a mother. Mothers don't ask futile questions when their children are in need of aid. They give the aid or see that it is given."

Bureau Officials Now Make Final Decisions

Rehabilitation officials in various offices of the United States veterans' bureau now have authority to make final decisions on matters relating to training and readjustment in training of bureau trainees, as a result of a general order issued by General Hines, director of the veterans' bureau.

The decentralization of the bureau's activities came as the result of two and a half years' agitation on the part of the American Legion, which pointed out that decentralization would expedite administration and relief for the veterans.

"League" Floods Boston

With Appeals for Aid

An organization known as the "National Disabled Soldiers' League," which has been flooding Boston with appeals for aid for disabled service men, was denounced recently by Gen. Clarence R. Edwards, state commander of the American Legion. Circulars accompanied by lead pencils, sent to various business organizations and firms, by the League, read as follows: "Here are five excellent-quality pencils. We had to pay for them. They are useful to you. One dollar is more than they are worth, but if you will send it the profit will help us in our fight to better the sad lot confronting the disabled soldier." General Edwards pointed out that this organization recently ran afoul of the law, and he expressed indignation that it is making such appeals. "Don't give them a nickel," was the advice given the public by the general.

SINGER COMES HERE IN A LINCOLN

Miss Louise Stallings, lyric soprano and star of the Swarthmore Chautauque association, and the Lincoln car. Miss Stallings, who appears here in concert, is making her entire tour this season in a Lincoln sedan.

Miss Louise Stallings, lyric soprano, who is on an extended tour under the direction of the Swarthmore Chautauque Association, and who is to appear here August 22, 1924, together with her assisting artists, is making the entire tour this season in a Lincoln car.

In considering transportation for Miss Stallings and her company the Chautauque Association has been the idea of using an automobile and selected the Lincoln, because of its high quality and dependability, a selection much to the delight of the famous artist. The Lincoln sedan was chosen

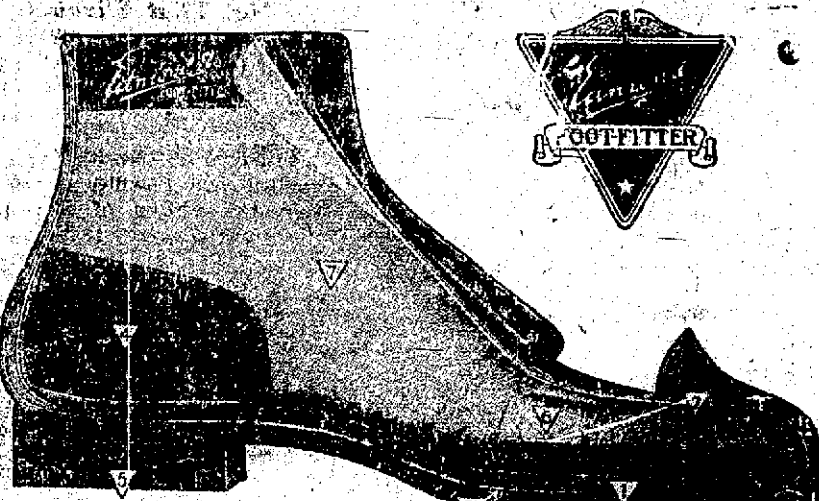

so that these in the party would be fully protected in any inclement weather and at the same time enjoy the most comfort in their travels.

With Miss Stallings are William Durieux, cellist and Maxton Carley, pianist and accompanist. Miss Carley is an artist who is rapidly hearing the heights in her chosen profession, while Durieux is a cellist without a peer in the country.

Dr. George P. Bibb, humorous lecturer and entertainer who had many years of successful platform experience, also is a member of the party.

He will appear during the afternoon. The Stallings recital will be in the evening.

Miss Stallings' voice is singularly rich, with tone quality of the most Durieux, cellist and Maxton Carley, as it yields to its owners every demand. She reveals to her audiences in the roughest, fullest measure the resources and attributes of the vocalist of intellect and poetry. The depth of her comprehension of the contents of each song stamp her at once a ravens among the song birds of transcendent gifts.

Seven Points of Supremacy

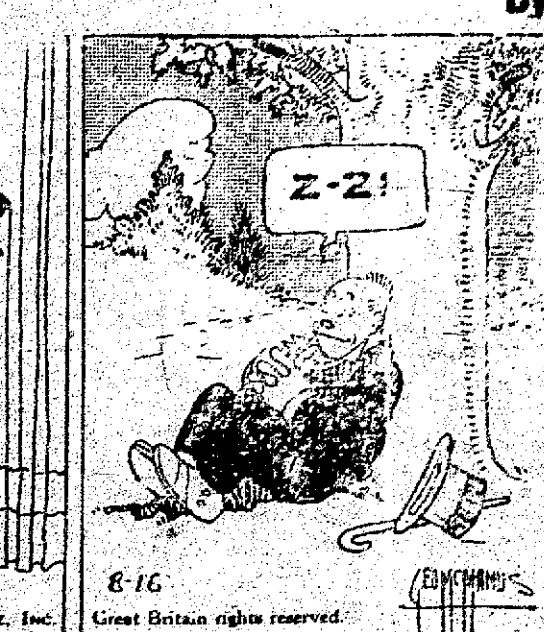

1. The sole leather used in "FOOT-FITTERS" is of the best quality obtainable. Even the insoles are cut from standard outside leather.
2. "FOOT-FITTERS" are the only shoes in the world having full length vamp and sole leather box toes. This feature prevents ripping at the tip and makes a smooth outer and inner surface.
3. The insoles are channelled so that they fit snugly against the foot. There is no need or room for a cork filler. A small piece of cork is used to prevent squeaking.
4. The "FOOT-FITTERS" are of great value, for it saves the wear on the soles. The "FOOT-FITTERS" are of great value, for it saves the wear on the soles.
5. "FOOT-FITTERS" heels are 2 1/2 inch longer than generally used. They give additional support to the arch and increase the comfort and wear of the shoe.
6. The vamp is made of the best quality leather and is so constructed that it keeps the foot from cracking and holds the shoe in shape.
7. Edmonds' "FOOT-FITTERS" shoes are called "FOOT-FITTERS" because they fit the foot snugly. Built on combination lasts they support the foot like a doctor's bandage. "FOOT-FITTERS" give Comfort, Service and Appearance.

27 YEARS IN BUSINESS

Today marks the twenty-seventh anniversary of the advent into business of one of Clearfield's leading business men—R. William Thompson, the undertaker. Mr. Thompson has been continuously engaged in business here since that time and is the second oldest business concern in the town in the line of continuous service, without change of name.

His place of business on West Locust Street is and has been complete in every particular, with his offices, chapel and display room housed in a handsome three-story brick business building in connection with his residence adjoining. While he has added to his facilities and equipment by the erection of a handsome and substantial two-story stone and concrete garage, especially designed for his uses and needs.

But one other business man in Clearfield has a record of longer continuous service in Clearfield's business life, than has Mr. Thompson, and this little recognition is given him in honor of that fact, and in appreciation of what careful and upright business methods and dealings will accomplish.

BETTER MONEY

The British pound has been swinging up again in international exchange, and is nearer par than it has been for many months. Likewise the French franc is rising, and other European currencies trail along in the same wholesome direction.

This is largely a result of the favorable outlook for the German reparation settlement, along the lines of the plan worked out by the help of American experts. The effect is immediately noticeable in the general trend of business. As foreign money gains more buying power, American manufacturers get more foreign orders. As our foreign business improves, the business situation improves at home. Better money means better business for everybody, just as better blood in the body means better physical health.

NEW MEDICAL TACTICS

"Medicine in the future must change its tactics," says Sir David C. Bruce, head of the Lister Institute of preventive medicine and famous for his medical war record in the British army. "Instead of awaiting attack, it must assume the offensive. It must no longer be said that 'the man was so sick he had to send for a doctor'."

But will men not be foolish about their physical condition until the end of time? The doctors will always have a hard time of it, with the rest of us.

Sir David also says, wisely enough: "The untutored savage living on the natural fruits of the earth and the chase knows no 'deficiency disease'. It is only when man begins to polish his rice, whiten his flour and tin his beef and vegetables that the trouble begins." But what can the poor consumer, deprived of his vitamins by a relentless industrial age, do about that? We have to live out of tin cans more and more, and the rice men insist on polishing the vitamins off the rice and the flour men insist on taking the vitamins out of the flour.

THE CELLARLESS HOUSE

Cellarless houses are being advocated, as a means of economy, by a group of architects. They explain that by leaving out the cellar, the builder of a small house may save as much as 15 percent of the cost.

The omission, the architects say, is by no means so serious as it may sound to many people. A cellar is not a necessity of a modern house, nor was it ever a real necessity. The complete basement under houses is a comparatively new development. The heating can be taken care of without a cellar to put a furnace in. By avoiding the cellar, they shrewdly add, the owner avoids fires that start in cellars. As for dryness and warmth, these may be obtained in other ways, by taking such precautions as removing the top soil, installing proper drainage, etc.

It sounds logical in many ways. Yet the suggestion starts a sigh of regret. The barn, center of so much of children's activity and happiness in former days, and filled with romance, has vanished, and can never be replaced by the garage. The old-fashioned attic, too, with its rare stores and its resources for a rainy day, is a thing of the treasured past. Must the cellar, with the slight vestige of old romance that still survives in spite of its modern improvements?

Why not give up individual homes, once for all, and let every family live in a flat or hotel?

OUR EQUIPMENT The Trust Department

The advantages of naming a financial institution instead for an individual as executor of your will are many.

Your trusted friend may lack the experience or ability to properly safeguard your estate.

The Bank's Trust Department is organized to handle such matters and is equipped to take care of them wisely.

An individual may not be able to give the time from his own business to look after the affairs of your estate.

Your friend named as executor may be swayed by sentiment.

The bank's position in such matters is always disinterested. Its only business is to see that your estate is managed according to the terms of the will.

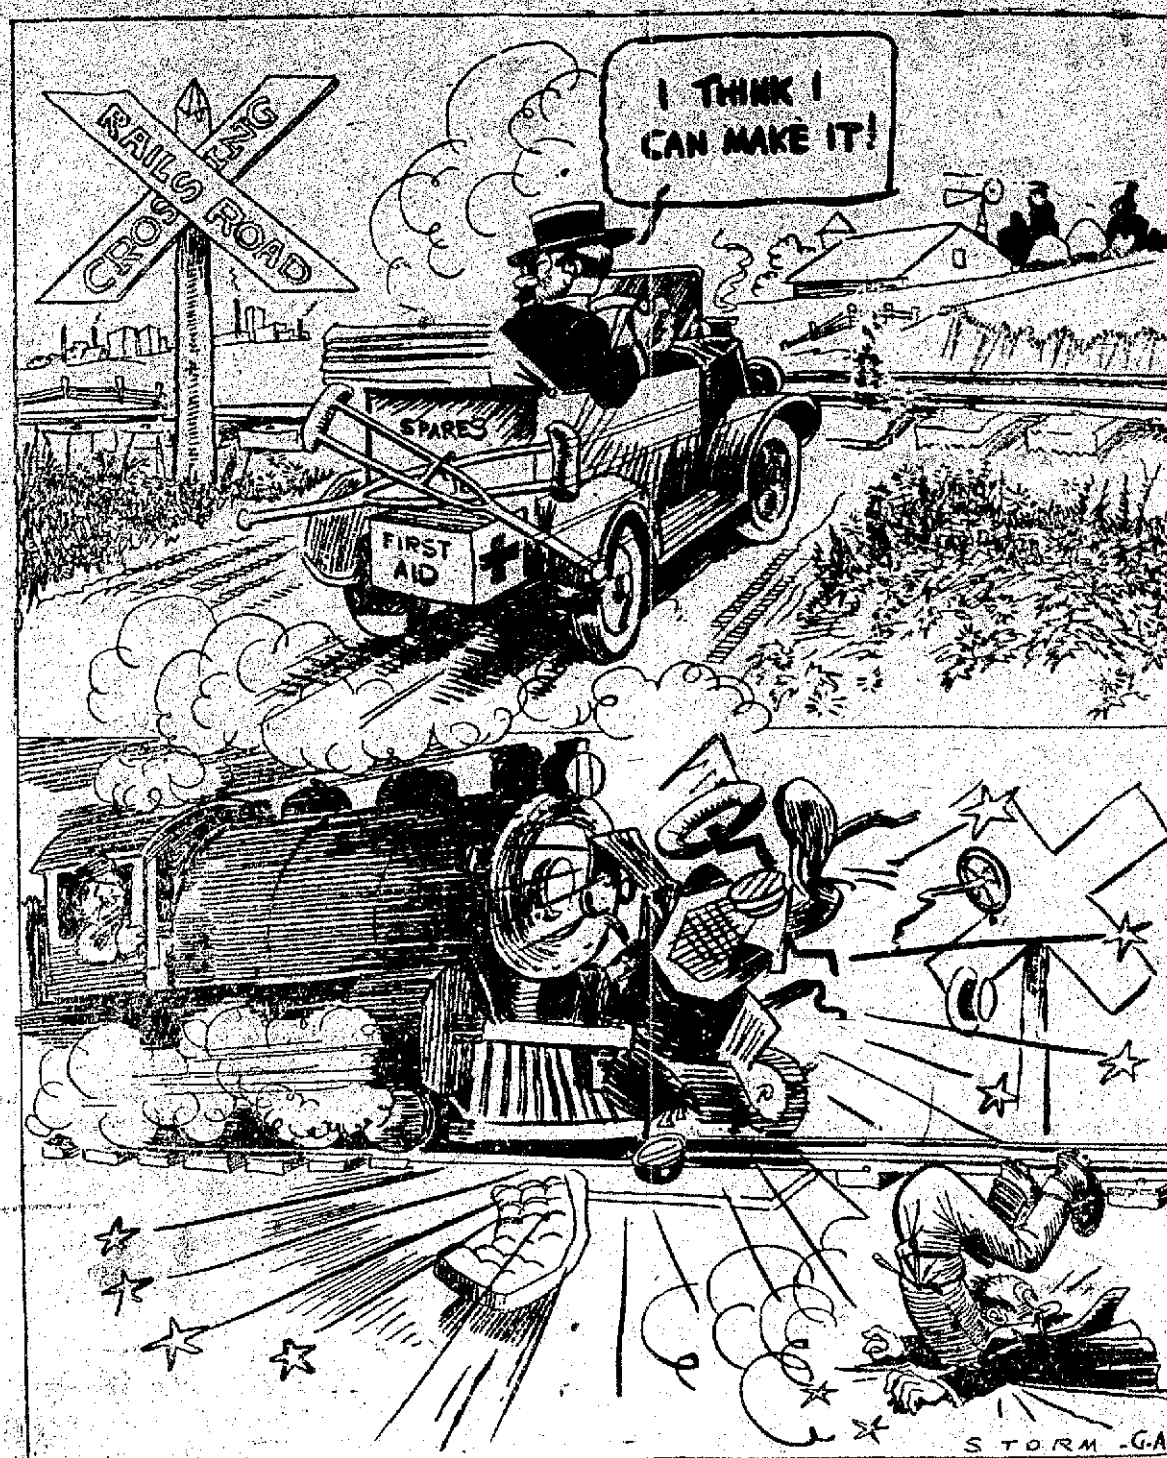

When you make your will name as executor an institution which is in that business.

This bank's trust department is experienced and capable.

"THE SADDEST WORDS OF TONGUE OR PEN"

In the Courts

Once more has the festive boot-legger found out that it is a dangerous game to monkey with the law of the land in Clearfield county. The latest pair to see the light were Steve Koeches and Steve Palevinski both of Winburne. These men were caught with the goods in a raid by Sheriff Lowell last week and deciding to take their medicine appeared before Judge Chase yesterday and bared their heads to the mailed fist of the law. Their prize packages were identical \$300 fine and 4 months in jail. Thus does "virtue" get its reward or what is their due under the circumstances.

Baling Hay for Market

By BERT BALL

(National Crop Improvement Service)

THE price of hay is lowered nearly every year by a bunched crop of less shippers who make poorer, imperfect bales containing much mixture of weeds and foreign matter.

The National Hay Association is making a determined campaign to improve the quality and price of hay.

There are many things to be observed in baling hay: First it must be properly cured, of a good color,

with little or no musty smell and contents of the bale to be uniform throughout. A little poor hay in a bale will condemn it all.

The shippers of good hay should form an association if their own operations are not extensive enough, to buy a good baler and to grade the hay as it is baled. Honest quality will bring the price, and nobody can fool the hay buyer, so if trash is marketed as good hay, the loss is charged back to its point of origin. Bales also should be carefully selected, of good length and strength, with standard looking devices which will not allow the bales to come to pieces in handling.

Hardly Worth While

A man advanced in years has often nothing but his age to show that he has lived for a long period.—Seneca.

HOW THIS WOMAN GOT STRENGTH

Put Up 300 Quarts Fruit, 500 Glasses Jelly and Took Care of Four Children

Norwalk, Iowa.—"I have been meaning for some time to write and tell you how much good your medicine has done me. When I started to take it I was almost bed fast and would have been in bed all the time if I had had any one to care for my children. There was so much swelling and pain that I could hardly take a step. I took seven bottles of Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash, and found that so healing. I am not entirely well yet for I was in bad shape when I started your medicine, but I am so much better that I am not afraid to recommend it, and I think if I keep on taking it, it will cure me. I have done my work all alone this summer, caring for four children, and I canned 300 quarts of fruit and made 500 glasses of jelly, so you see I must be better. I feel pretty good all the time and I am glad to tell others about the medicine."—Mrs. C. J. WENNER-MARK, Box 141, Norwalk, Iowa.

Women can depend upon Lydia E. Pinkham's Vegetable Compound to relieve them from female troubles. For sale by druggists everywhere.

School Children's Coloring Contest---224 Prizes

\$170 in Cash 160 Theatre Tickets---10 Each Week

IT IS EASY TO WIN--THERE ARE 14 PRIZES EACH WEEK

Little Artists, here is a page that will interest you. It offers an opportunity to show your ability and to use your artistic "knack" to win prizes. It's lots of fun, and there is money in it too.

Color the Advertisements on This Page the Way They Ought to Be

Prizes will be awarded each week to those who reproduce the colors of all the original labels, packages, trade-marks or designs on this page most carefully, faithfully and neatly. The designs which are black and white reproductions of original labels, packages, trade-marks and designs, are to be colored in the most artistic manner and judging will be done on this basis, together with the neatness of the work. The coloring may be done either in water colors or crayons. This contest is open to school children everywhere. PRIZES WILL BE AWARDED EACH WEEK AS FOLLOWS:

FIRST PRIZE, \$5.00; SECOND PRIZE, \$3.00; THIRD PRIZE, \$1.00; FOURTH PRIZE, \$1.00.

The next ten in order of merit will receive a ticket to the Liberty theatre for Saturday afternoon.

This contest will run for 16 weeks. At the close an additional prize of \$10.00 will be awarded the child turning in the best page during this period.

IMPORTANT! All designs on this page must be colored and the entire page sent in. Where original labels and

trade marks appear, prizes will be awarded for the efforts that are nearest like the originals.

All the merchandise bearing labels and trade-marks appearing on this page can be purchased at the stores you patronize. They are all high-class products in daily use in all families. You are familiar with most of them; if there are any you cannot color from memory, procure one of the packages and enter the contest. After you have colored the entire page, mail it to the "School Children's Contest," Clearfield Progress. All efforts must be in the Progress office on or before 6 p. m. the first Tuesday after the page is published. The week's prize winners will be announced the following Friday.

ASK YOUR PARENTS AND OLDER BROTHERS AND SISTERS TO HELP YOU. START TODAY.

You can have a really good time at it, improve your drawing ability and surely win one of the 224 prizes to be given for the work.

It takes dollars to convince the world you have sense.

Our ancestors lived in trees and the average man of today is just as much of the same.

Some men remind us of postage stamps. They must be licked before they will stick to anything.

Barbers say men are having their hair washed. Makes men are not.

Talk about short measure, there's many a quart foot in a pint shoe.

The head of many a house is less than 19 years old.

People who live on second floors never blame the cliff dwellers for becoming extinct.

There is no use in starting trouble. It is a self starter.

A man on top is just standing on his friends' shoulders.

No matter who you think you can't do, you are right about it.

You see hand-painted pictures of health, but painting an old car doesn't take the knock out of the engine.

People often will give three cheers for something they wouldn't give anything else for.

The hard thing about being a pool man is you are liable to get shot instead of sued for a breach of promise.

It is estimated the hand shaking from one election would milk every cow in the United States twice.

Rubber heels on dad's shoes are fine chaperones.

Some women won't be happy, heaven if all the wines are alike.

Are Once Labeled Poison
Years ago in the merry days of the English tavern there was a turn of mind among radicals over the "poisoning" of the ale drink by the common people. The trouble was caused when some one learned that in making ale sulphuric acid, made from Spanish pyrites, was used and that this contained arsenic. It was a tempest in a teapot, however, because it would have taken five barrels of ale to contain enough arsenic to hurt one individual.

Family Watch
A man in St. Louis has a watch on which the numerals of the face have been replaced with tiny photographs of the members of his family. He himself is 1 o'clock, his wife is 2 o'clock, his oldest child is 3 o'clock, and the other figures are covered by the pictures of the remainder of his ten children, 12 o'clock being the baby of the family.

Danger in Sudden Riches
There is nothing keeps longer than a minding, fortune, and nothing melts away sooner than a great one. Poverty treads upon the heels of great and unexpected riches.—Bruyere.

Mr. and Mrs. Walter Wybol and daughter Ethel and Mrs. Theob. Cole, of Juniata were guests on Friday last at the home of Mrs. Fred Herbert, Sr.

The Woodland Band held a very successful picnic at Mineral Springs park last Saturday. There were two games of ball. The home team, winning from Wallacetown in the morning and from Hawk Run in the afternoon. The crowd was large all day and especially so in the evening. The Bigler and Wallacetown bands furnished fine music in the afternoon and evening.

Mrs. Henry Lavergood, of Mineral Springs and sister Mrs. Marvin Bowes of Clearfield spent the week end with their aunt in Big Ball.

Mrs. W. C. Spackman spent Wednesday at the home of her daughter Mrs. Walter Lickenfelser.

Mr. and Mrs. Reed Barger, Mrs. Clara Stewart, Mr. and Mrs. N. G. Stewart and daughters and Mr. and Mrs. H. O. Barger and daughter Elizabeth, visited Penn's Cave on Sunday last.

We are glad to note that the brick walls of the new school building are going up. The work seems to be progressing slowly.

Mrs. Sig Bernhardt visited relatives in Munson last week.

The Ladies' Bible Class and the Philathea Class of the M. E. Sunday School picnicked on Thursday afternoon at Lakeside Park, Morrisdale. There were about 40 present and they enjoyed the day very much.

Miss Marilla Edmiston and sister, Alice, of Clearfield, visited friends here this week.

The Woodland Y. P. B. held a Japanese Festival on the lawn near the hotel Friday evening. The booths and the girl attendants both dressed in Japanese costume presented a fine appearance. The band also was in attendance to furnish music and the society realized a nice sum for their trouble.

Paper Currency
It has been computed that the cost to the United States of making a \$1 bill is about as great as to make a \$20 or a \$10,000 bill. The expense is 13 cents each. The length of service varies in direct ratio to the value of the note. The \$1 bill lasts little more than a year, it is estimated, a \$10 bill lasts about four years, while a \$10,000 bill, obviously, seldom wears out.

Greatest Drinking Song
The world's greatest drinking song, it is claimed, is "Let Me in a Tavern Die," written in the eleventh century by Walter Map, who is also credited with a large part of the romances of King Arthur.

Time
The world's first clock was in the tower of San Busto in Milan, Italy. It was started there in the year 1300. That's a long time to us who live only a few years, but a short time in the long history of humanity. The invention of the clock was the birth of industrial slavery.—Chicago Post.

The Ugliest
There are curious birds in Africa and the most beautiful birds in the world are to be found there. We have seen them preserved in museum cases and alive in zoological gardens. But Africa has also what is probably the very ugliest bird there is in the shape of a bill, a large wading bird.

Creatures That Laugh
Human beings are not the only creatures that have a sense of humor. Some animals have a keener sense of humor than some human beings. The hyena laughs, many dogs laugh, and most monkeys laugh. A sense of fun is not a human monopoly.

Lake Far Below Sea
The deepest hollow known in the lands of the world is the one in Palestine at the bottom of which lies the Dead Sea. The hollow containing this salt lake is actually 1,200 feet below the level of the sea.

Those Overstuffed Living Room Suites
We're making them every day down here in our enlarged plant and they are being put in some of the finest homes in the city. It's the good workmanship, the materials of your own selection, the fine materials that are making them well worth your while to investigate.

Mr. James Davis is now working at the Blue Ball Garage.

Mrs. George Cook and children will arrive Sunday to spend a few weeks with her sister, Ms. John Stone.

There will be church services at Stoneville, at 8 o'clock, Sunday August 16. We wish the people would all turn out and help Mr. Goss in his Christian work.

Out of Date Quickly
The Oxford dictionary is far from complete, writes Ernest Weekly in the Atlantic Monthly. You will search it in vain for "aspidistia" and "appendicitis," "boche" and "bolshervist," "cinema" and "camouflage," "decontrol" and "Dora," "brondening" and "listening," "bootlegging," and "dope fiend," for a dictionary published today is almost out of date tomorrow.

When Newly Painted
To prevent windows sticking the thing to remember is that for two or three days after the frames are painted each window should be opened and run up and down two or three times a day. Unless this is done the windows are almost certain to stick.

A GOOD TONIC FOR RUNDOWN FOLKS
We have a good tonic here for run-down folks who think they need one. We of course suggest going to your doctor first, but if it isn't serious enough for that, come in and we'll suggest a tonic.

Curwensville's Own Column

Mrs. J. Russell Mullen, who has been spending some time in the home of Mr. and Mrs. Frank Mullen, Walnut street, left yesterday for an extended trip to Washington, D. C. Mrs. Frank Mullen accompanied her as far as Tyrone.

Mike Kovach, who conducts a shoe store on South Filbert street, left Curwensville yesterday for New York, where he will take passage on a steamship today for his native country in Slavonia. He goes for a visit to his aged parents whom he has not seen for some years. His trip will extend over two months.

Mr. and Mrs. Stoops of Philadelphia, are visiting with relatives over on Irvin Hill.

Daniel Irvin and wife have been in Philadelphia most of the week. Mr. Irvin it is said looking up a business location.

Mrs. Dr. Cunningham of Juniata, who spent a week or longer with her mother, Mrs. Thad Cassidy on River street, left for her home today. Howard McCall, a son of Philadelphia, who has also been here for a week's visit, has also returned to the city.

Jack Foss, B. R. & P. station agent and wife who spent two weeks automobiling in New York state and the northern part of Penna., are home again and will be pleased to see their many friends.

Miss Elizabeth Dugan of Osceola, spent the week end with her friend Miss Marjorie Murry on Ridge avenue.

James Maneval and wife left yesterday for their return trip to Portsmouth, Virginia, where Mr. Maneval is at present stationed. Vern Fox and Mr. Smith accompanied the Manevals to their southern home where they will spend a week or more looking around.

James Richards has moved his restaurant from the second floor of the hotel to a room in the cellar fronting on State street.

After two weeks of recreation Miss Ella Bloom, head saleslady at the Spencer-Doran stores has resumed her station again.

It is currently reported that Archie Davidson will soon again become a permanent resident of Curwensville, he negotiating for the assumption of

a business, having already secured the building. Archie and his family will be a welcome addition to our population, and the sooner he arrives with his household the heartier their welcome will be.

Mrs. Webb Karstetter spent a portion of the week with her daughter at Lock Haven.

Marchetti's Swiss Yodlers

YODLERS TO GIVE FINE CONCERT AT CHAUTAUQUA

Yodeling is a highly cultivated art, here when Marchetti's famous Swiss Yodlers give a large repertoire of Swiss folk songs and instrumental numbers. The company is composed of Mr. Henry Marchetti, Miss Mitzi Admont, Mrs. Martha Marchetti, Jack Jost, Constantin Wunderle, all of whom are trained in the national costume, which with its flared silver ornaments, real lace and hand embroidery, are exceptionally beautiful and make a fitting and picturesque setting for the Swiss yodel songs—solos, duets, trios and ensemble numbers—which compose the afternoon and evening entertainment. An interesting account of the origin of yodeling, and the many uses to which it is put in this country is given by Mr. Marchetti, who, in turn, introduces the other members of the company.

The program which follows is a succession of beautifully rendered Swiss Folk Songs, descriptive, patriotic and characteristic, with zither accompaniment. These are interspersed with instrumental solos on the harp-guitar and zither.

7916 AUTOMOBILES
STOLEN SINCE JAN.
1 IN PENNSYLVANIA

Harrisburg, Aug. 16 (INS).—7,916 automobiles were reported stolen in Pennsylvania from January 1 to July 1 this year, according to a report from the Automobile Division of the State Highway Department. 3,135 were recovered.

During the same period in 1923 there were 7,809 thefts reported and only 1,953 recoveries.

"It will be seen," said Benjamin C. Eynon, of the Automobile Division "that while there is only a small decrease in the number of thefts reported there is no question but that the operation of the title law in Pennsylvania has had a very material effect on the number of recoveries."

"Without a certificate of title for a motor vehicle the thief is powerless to dispose of it in this State unless, of course, he sells it to some person with whom he is in collusion, and his only recourse is to take it to some other state where he is very often tripped up because of the fact that the majority of states contiguous to Pennsylvania either have title law or bill of sale law or some other method of establishing previous ownership and knowing of the title act in Pennsylvania they are suspicious of any car for which the owner is unable to furnish a Pennsylvania certificate of title."

"Our regulations are making it increasingly hard for any person to obtain certificate of title to a motor vehicle without some definite record of previous ownership and all applications for title are being checked against our files for previous titles issued or previous records on the car before a new certificate of title is granted."

"Furthermore, by checking our files for discrepancies in engine and manufacturer's numbers, duplicate titles or for applications made by more than one person for title to the same motor vehicle, we have assisted in the known recovery of some sixty automobiles within the last two or three months and we are now investigating the operations of certain dealers in various parts of the state whom we suspect of having transactions in stolen motor vehicles either intentionally or unintentionally."

HEALTH CONTINUES GOOD

Secretary Gaulin of the Board of Health reports a continued desirable condition of the public health in and about Clearfield. No new cases of communicable disease developed during the past week and there is but one case of typhoid fever and one of scarlet fever under quarantine at present. Both of these are located in the Third Ward and both were contracted away from home.

Will Not Vote For Him

Washington, Aug. 16 (INS).—John J. Keegan former organizer for the International Association of machinists and now a member of the United States Employees' Compensation Commission, today made public a letter to Samuel Gompers, declaring that six of the eleven members of the council of the American Federation of Labor which recently endorsed the LaFollette-Wheeler presidential ticket at Atlantic City, would not vote for these men in the election.

Keegan said he heard "six members of the executive committee plain ly and emphatically state that they were not going to vote for Robert M. LaFollette."

POTATO CROP IS
IMPROVING AS THE
SUMMER WEARS ON

Harrisburg, Aug. 16 (INS).—The potato crop in Pennsylvania is improving, according to a statistical report of the Department of Agriculture.

The outlook for August shows an increase of 2,000,000 bushels over the July outlook.

Fields have been filled with weeds this year, but opportunity was given for better cultivation during recent weeks than at any previous time. Bugs are unusually numerous and constant attention to spraying has been necessary, the report says.

Throughout the entire United States the August forecast is 26 million bushels above that of the previous month, and about the usual production is now expected.

In the states that supply Pennsylvania markets until early September, New Jersey, Maryland and Virginia, the crop continues to show increases over the 1923 production.

Pennsylvania will have 24,595,000 bushels the report estimates.

Pittsburg, Aug. 16.—Friends and relatives of Mrs. Herbert M. Cooley, missing bride of a week, have practically abandoned search for her, and expect Mrs. Cooley to return home soon after the excitement over her disappearance ceases.

Daniel S. Tobin, the missing bride's father who is a prominent politician of McKeesport, near here, said today that he expected his daughter home in a few days "as soon as this newspaper excitement over her subsides."

Mrs. Cooley was last seen in an Erie hotel where she had stopped on a honeymoon trip with her husband.

* London, August 16 (INS).—
* Chancellor Marx of Germany,
* notified Premier Herriot of
* France today that the Germans
* are ready to sign the Reparations
* Protocol this evening. The conference is expected to wind up at 7 o'clock after a plenary session.

By DAVID M. CHURCH

I. N. S. Staff Correspondent.
London, Aug. 16.—With an agreement at hand between the French and Germans for evacuation of the Ruhr the Allied Reparations Conference has passed into its final stage today.

The Germans, under pressure from the outside and necessity at home, made further concessions to the French regarding military evacuation.

Under the protocol, which has yet to be signed—the French and Belgians agree to evacuate the Ruhr within a year, but it is understood that withdrawal of troops will be commenced as soon as the Dawes plan is operating.

"We are extremely and profoundly disappointed over the result of the conference," said a statement issued from German headquarters. "We estimate, however, it will be possible to pass the necessary legislation in the Reichstag to execute the Dawes plan. We will point out to the German people we had to submit to force."

"Our only hope for early evacuation of the Ruhr is intervention by the International Bankers when the time comes to raise an international loan for Germany."

"We believe and hope the Bankers will insist upon early evacuation!" The heads of the Allied delegations met at 10 Downing Street at noon, calling in the German delegates for a heart to heart talk.

Excellent Fall Outlook

Sharon, Aug. 16.—Steel mill operations in this district indicate a resumption of capacity business according to steel manufacturers in this section. Next week's forecast for mill operations show that the Sharon steel hoop company will operate at full capacity here and work six open hearths and nine sheet mills at Youngstown. The Westinghouse electric and manufacturing company is also running at full capacity. The American Sheet and Tin Plate, Carnegie Steel Company and American Steel and Wire Company plants are also maintaining their production schedule.

APPLE CROP IS FAR
BELOW NORMAL BUT
BETTER THAN THOT

Harrisburg, August 16 (INS).—The commercial apple crop of Pennsylvania this year is far below normal, figures compiled by the Department of Agriculture show.

The forecast for August however is slightly better than for July, which was 34 per cent of normal. This month's outlook places the crop at 39 per cent of normal. Prospects on the same date last year were for 53 per cent of a normal crop.

A COMBINATION OF PETER SHAW AND
FAULTY CONDITIONS AT COUNTY JAIL
ALLEGED CAUSE OF NEAR JAIL BREAK

Further investigation down at the Commissioners by the Welfare Secretary in the following recommendation:

Fine mesh screens should be provided for the cell windows; the large and window of the cell room and for the window in the "juvenile" room. In addition we recommend such a mesh screen on the entrance door to the cell room.

"Another recommendation that should be carried out is contained in the report to the County Commissioners and is given herewith:

"We would call your attention to the inadequate provisions under which visiting is permitted. It would be very easy to pass in drugs, liquor, weapons or any other articles. We recommend the installation of an interview screen to be placed on the barred iron door of the men's cell room and that all interviews take place through this screen. It would seem as though the Board should be able to visit the prison more frequently than once a month. If not, the entire Board, individual members should be assigned each week.

This is highly important, as the saws found in the prison are said by the prisoners to have been left there by a recent inmate of the jail, now in the penitentiary, who got them from a visitor by means of the unscreened windows, following visits to the jail where the arrangements for such smuggling were made.

According to the story told by the attempted jail breakers, Bonnell and Bartlebaugh had arranged to make their getaway. Stuller was helping to harvest at the County Home and the other two were to dig their way out of the jail, join Stuller at the County Home and she had arrangements all perfected for the then hang up his hat at Billy McClure's "den" for the coming four months' period. George did or is doing that.

The necessity for fine wire screens over the jail windows were also again called to the attention of the County

PERRY A. ROWLES

Perry A. Rowles, who died at his home on Mt. Joy road, just beyond the borough line, on Thursday, Aug. 14, 1924, was born at Grampian and was aged 49 years, 11 months and 24 days. He was a Spanish-American war veteran having been a member of Co. L of the Fifth Regiment, P. V. I.

He is survived by his widow, three brothers and three sisters as follows: Frank Rowles, Mrs. Jennie Derrick, Mrs. Cora Segar, all of Grampian; W. G. Rowles, of Clearfield; Warren P. Rowles, of New York City; and Mrs. Marie Aurel, of DuBois.

The funeral will be held from his late home on Sunday afternoon at 2 o'clock. Interment in Hillcrest cemetery.

Andrew Buranovsky had the hardihood to present himself before Judge Chase Thursday and enter a plea of guilty to violating the liquor law in several different particulars. Andy was saluted for \$300 and costs and will live for beans down at the Clearfield County jail every day for the coming four months.

Rev. John M. Waddell,
Former Pastor Here, To
Speak At Union Meeting

Of Blairstown, N. J., widely and popularly known in Clearfield because of his acceptable pastorate in the in the Presbyterian Church, is to be the preacher in the union meeting of the Five Combining Churches of Clearfield, tomorrow evening in the Presbyterian church, is scheduled to ment will be read with great interest and satisfaction by many of Clearfield's citizens. The presence and services of Dr. Waddell tomorrow evening will mean the coming of an unusual number of people to what has already become a very popular service. Of course, all the personal friends of Dr. Waddell will give him their attendance. Strangers, visitors—in fact all, are invited.

The announcement for the meeting on August 24th will be of special interest. Just as soon as all of the arrangements are completed, the full program for that service will be made known.

Lend A Helping Hand.

HEALTH FINE HERE

The little town of Irvona in the southern end of Clearfield county is in the throes of a typhoid fever epidemic at present there being between ten and fifteen cases already developed in the town.

The State Health Department has taken the matter in charge and every attempt is being made to stamp out the disease. The source of infection has not been finally determined as yet, but it is thought to have come from a spring or well.

Clearfield's lone case of typhoid was contracted at Irvona in July, the victim being a little 3-year-old Third Ward girl.

Prominent Johnstown
Physician, A Woman,
Killed By Accident

Dr. Bertha T. Caldwell, prominent as a physician, civic and welfare worker in Johnstown, died at the Memorial hospital in that city at five o'clock on Sunday evening as the result of injuries sustained on the night of July 31st when she fell through the flooring of the Coopersdale bridge into the Conemaugh river.

Dr. Caldwell was born in Johnstown and a graduate of the Woman's Medical College, Philadelphia. She spent eight years in India as a medical missionary, returning to Johnstown in 1902. Since that date she had practiced her profession in that city. She was the first probation officer for the city of Johnstown and later county probation officer. She served several years as school director, was a prominent member of the Civic Club, the Eastern Star, Order of Amaranth and Y. W. C. A. She was an active member of the Lutheran church and a teacher in the Sunday School. Burial was made on Wednesday afternoon.

George Ludvig, of Houtzdale, appeared in the Court yesterday morning and admitted the sale of a couple of pints of shine at his home. George said his wife was the merchant but he would go to the bat for her. Judge Chase told George to bat 300 "iron men" into the County Treasury and then hang up his hat at Billy McClure's "den" for the coming four months' period. George did or is doing that.

MAKE \$600 HAUL

Expert cracksmen dropped into the little village of Bigler, midway between Clearfield and Philipsburg, some time last evening and going to the general store of Walker Brothers, blew the safe to pieces and managed to get away undetected with about \$600 in money and a lot of valuable papers the safe contained.

The safe crackers covered the safe with blankets and clothing taken from the shelves to muffle the sound from the explosion and so quietly did they work that they got away with their haul without disturbing anybody in the village.

The robbery was discovered by Chester Walker when he opened the store for business this morning. No clue was left behind by the cracksmen.

Woodland Girl Artist
Captures First Prize
In Color Page Contest

For the first time since the Children's Coloring Contest started, the first prize goes out of town. Miss Bessie Baker, of Woodland ran away with the first honor this week with Charlotte Zerfoss a close second, Miriam Boyd and Virginia Jane Genhart received third and fourth respectively. Bessie's page showed real imagination in the way of backgrounds and colorings and, taken all in all, was a very fine page. The others were very good but Bessie's little touch put her in first place.

Tickets to the Liberty Theatre were awarded to Merritt Herlein, Fred Livingston, Allen Freeman, Jessie Stine, Allan Peak, Virginia McBride, Norma Davis, Mary Louise Gengery, Eugenia Smeal, Woodward Peoples.

Come on Kiddies, there aren't many more pages to color and if you are going to go after that grand prize of \$10 for the best page turned in during the contest, you will have to get busy.

THREE INJURED IN AUTO
WRECK YESTERDAY P. M.

Grampian, Aug. 16.—A large touring car carrying seven passengers turned over near the Reams Watering Trough yesterday afternoon resulting in the serious injury of three of the occupants. They were removed to the DuBois Hospital where they were reported as getting along as well as could be expected last evening.

The injured are: George Greshko, Mrs. Mary Greshko and Michael Geshko, of Drifton, Pa., the three suffering from cuts and bruises.

The party were traveling in the direction of Clearfield, and claim that another car forced them off the road. Persons who witnessed the accident hurried to the aid of those pinned beneath the car and Dr. H. G. Shaffer of Grampian, was called to attend to their injuries.

The remainder of the party were taken on to Clearfield by another motorist.

Miss Nellie Dobson and mother arrived home Thursday after spending some time in Pittsburgh.

Poet Lost at Sea

It is a queer prank of fate that the author of a poem, "Shipwreck," should himself be shipwrecked and lost at sea. That is what happened to William Fairman, Scotch poet, in 1769.

27-YEARS IN BUSINESS

Today marks the twenty-seventh anniversary of the advent into business of one of Clearfield's leading business men—R. William Thompson, the undertaker. Mr. Thompson has been continuously engaged in business here since that time and is the second oldest business concern in the town in the line of continuous service, without change of name.

His place of business on West Locust Street is and has been complete in every particular, with his offices, chapel and display room housed in a handsome three-story brick business building in connection with his residence adjoining. While he has added to his facilities and equipment by the erection of a handsome and substantial two-story stone and concrete garage, especially designed for his uses and needs.

But one other business man in Clearfield has a record of longer continuous service in Clearfield's business life, than has Mr. Thompson, and this little recognition is given him in honor of that fact, and in appreciation of what careful and upright business methods and dealings will accomplish.

BETTER MONEY

The British pound has been swinging up again in international exchange, and is nearer par than it has been for many months. Likewise the French franc is rising, and other European currencies trail along in the same wholesome direction.

This is largely a result of the favorable outlook for the German reparation settlement, along the lines of the plan worked out by the help of American experts. The effect is immediately noticeable in the general trend of business. As foreign money gains more buying power, American manufacturers get more foreign orders. As our foreign business improves, the business situation improves at home. Better money means better business for everybody, just as better blood in the body means better physical health.

NEW MEDICAL TACTICS

"Medicine in the future must change its tactics," says Sir David C. Bruce, head of the Lister Institute of preventive medicine and famous for his medical war record in the British army. "Instead of awaiting attack, it must assume the offensive. It must no longer be said that 'the man was so sick he had to send for a doctor'."

But will men not be foolish about their physical condition until the end of time? The doctors will always have a hard time of it, with the rest of us.

Sir David also says, wisely enough: "The untutored savage living on the natural fruits of the earth and the chase knows no 'deficiency disease'. It is only when man begins to polish his rice, whiten his flour and tin his beef and vegetables that the trouble begins." But what can the poor consumer, deprived of his vitamins by a relentless industrial age, do about that? We have to live out of tin cans more and more, and the rice men insist on polishing the vitamins off the rice and the flour men insist on taking the vitamins out of the flour.

THE CELLARLESS HOUSE

Cellarless houses are being advocated, as a means of economy, by a group of architects. They explain that by leaving out the cellar, the builder of a small house may save as much as 15 percent of the cost.

The omission, the architects say, is by no means so serious as it may sound to many people. A cellar is not a necessity of a modern house, nor was it ever a real necessity. The complete basement under houses is a comparatively new development. The heating can be taken care of without a cellar to put a furnace in. By avoiding the cellar, they shrewdly add, the owner avoids fires that start in cellars. As for dryness and warmth, these may be obtained in other ways, by taking such precautions as removing the top soil, installing proper drainage, etc.

It sounds logical in many ways. Yet the suggestion starts a sigh of regret. The barn, center of so much of children's activity and happiness in former days, and filled with romance, has vanished, and can never be replaced by the garage. The old-fashioned attic, too, with its rare stores and its resources for a rainy day, is a thing of the treasured past. Must the cellar go, with the slight vestige of old romance that still survives in spite of its modern improvements?

Why not give up individual homes, once for all, and let every family live in a flat or hotel?

OUR EQUIPMENT The Trust Department

The advantages of naming a financial institution instead for an individual as executor of your will are many.

Your trusted friend may lack the experience or ability to properly safeguard your estate.

The Bank's Trust Department is organized to handle such matters and is equipped to take care of them wisely.

An individual may not be able to give the time from his own business to look after the affairs of your estate.

Your friend named as executor may be swayed by sentiment.

The bank's position in such matters is always disinterested. Its only business is to see that your estate is managed according to the terms of the will.

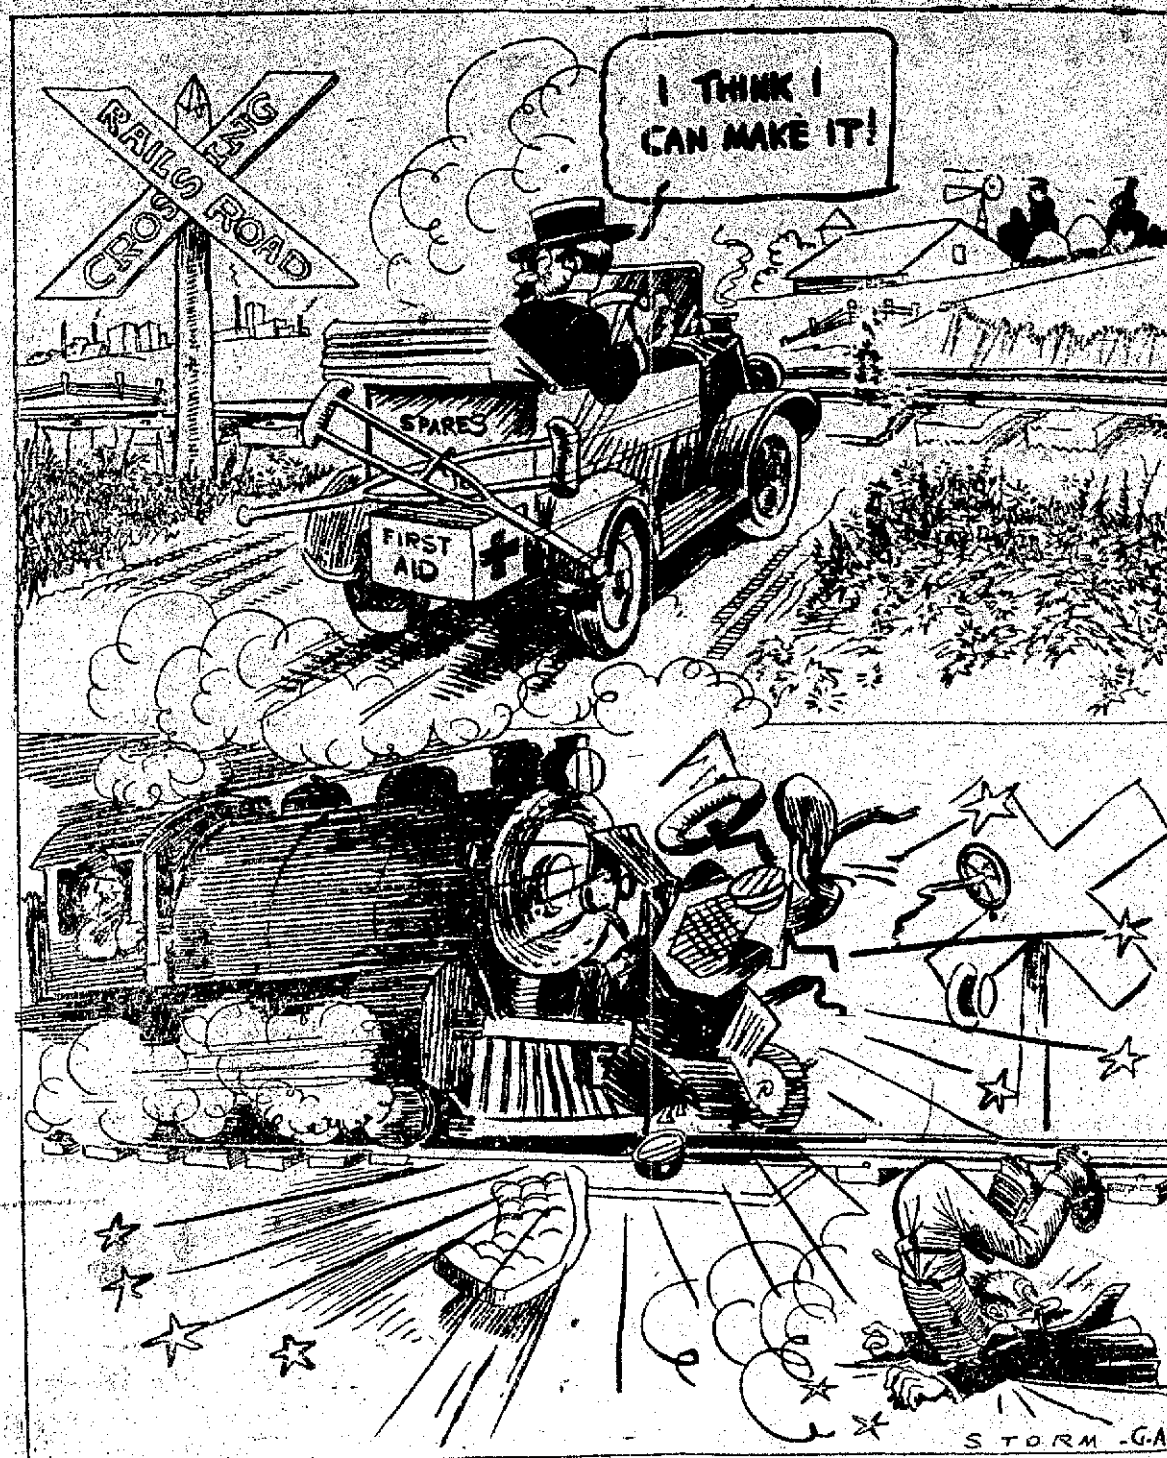

When you make your will name as executor an institution which is in that business.

This bank's trust department is experienced and capable.

"THE SADDEST WORDS OF TONGUE OR PEN"

In the Courts

Once more has the festive boot-legger found out that it is a dangerous game to monkey with the law of the land in Clearfield county. The latest pair to see the light were Steve Koeches and Steve Palevinski both of Winburne. These men were caught with the goods in a raid by Sheriff Lowell last week and deciding to take their medicine appeared before Judge Chase yesterday and bared their heads to the mailed fist of the law. Their prize packages were identical \$300 fine and 4 months in jail. Thus does "virtue" get its reward or what is their due under the circumstances.

No Sickness

End of sickness is on the way according to Dr. David C. Bruce, of the governing board of the Lister Institute of Preventive Medicine who says the possibility of virtually eliminating disease in all civilized countries is not far away.

Baling Hay for Market

By BERT BALL

(National Crop Improvement Service)

THE price of hay is lowered nearly every year by a bunched careless shippers who make honest, perfect bales containing rank mixtures of weeds and foreign matter.

The National Hay Association is making a determined campaign to improve the quality and price of hay.

There are many things to be observed in baling hay: First it must be properly cured, of a good color,

with little or no musty smell and contents of the bale to be uniform throughout. A little poor hay in a bale will condemn it all.

The shippers of good hay should form an association if their own operations are not extensive enough, to buy a good baler and to grade the hay as it is baled. Honest quality will bring the price, and nobody can fool the hay buyer, so if trash is marketed as good hay, the loss is charged back to its point of origin. Bales also should be carefully selected, of good length and strength, with standard looking devices which will not allow the bales to come to pieces in handling.

Hardly Worth While

A man advanced in years has often nothing but his age to show that he has lived for a long period.—Seneca.

HOW THIS WOMAN GOT STRENGTH

Put Up 300 Quarts Fruit, 500 Glasses Jelly and Took Care of Four Children

Norwalk, Iowa.—"I have been meaning for some time to write and tell you how much good your medicine has done me. When I started to take it I was almost bed fast and would have been in bed all the time if I had had any one to care for my children. There was so much swelling and pain that I could hardly take a step. I took seven bottles of Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash, and found that so healing. I am not entirely well yet for I was in bad shape when I started your medicine, but I am so much better that I am not afraid to recommend it, and I think if I keep on taking it, it will cure me. I have done my work all alone this summer, caring for four children, and I canned 800 quarts of fruit and made 500 glasses of jelly, so you see I must be better. I feel pretty good all the time and I am glad to tell others about the medicine."—Mrs. C. J. WENNER-MARR, Box 141, Norwalk, Iowa.

Women can depend upon Lydia E. Pinkham's Vegetable Compound to relieve them from female troubles. For sale by druggists everywhere.

School Children's Coloring Contest---224 Prizes

\$170 in Cash 160 Theatre Tickets---10 Each Week

IT IS EASY TO WIN--THERE ARE 14 PRIZES EACH WEEK

Little Artists, here is a page that will interest you. It offers an opportunity to show your ability and to use your artistic "knack" to win prizes. It's lots of fun, and there is money in it too.

Color the Advertisements on This Page the Way They Ought to Be

Prizes will be awarded each week to those who reproduce the colors of all the original labels, packages, trade-marks or designs on this page most carefully, faithfully and neatly. The designs which are black and white reproductions of original labels, packages, trade-marks and designs, are to be colored in the most artistic manner and judging will be done on this basis, together with the neatness of the work. The coloring may be done either in water colors or crayons. This contest is open to school children everywhere. PRIZES WILL BE AWARDED EACH WEEK AS FOLLOWS:

FIRST PRIZE, \$5.00; SECOND PRIZE, \$3.00; THIRD PRIZE, \$1.00; FOURTH PRIZE, \$1.00.

The next ten in order of merit will receive a ticket to the Liberty theatre for Saturday afternoon.

This contest will run for 16 weeks. At the close an additional prize of \$10.00 will be awarded the child turning in the best page during this period.

IMPORTANT! All designs on this page must be colored and the entire page sent in. Where original labels and

trade marks appear, prizes will be awarded for the efforts that are nearest like the originals.

All the merchandise bearing labels and trade-marks appearing on this page can be purchased at the stores you patronize. They are all high-class products in daily use in all families. You are familiar with most of them; if there are any you cannot color from memory, procure one of the packages and enter the contest. After you have colored the entire page, mail it to the "School Children's Contest," Clearfield Progress. All efforts must be in the Progress office on or before 6 p. m. the first Tuesday after the page is published. The week's prize winners will be announced the following Friday.

ASK YOUR PARENTS AND OLDER BROTHERS AND SISTERS TO HELP YOU. START TODAY. You can have a really good time at it, improve your drawing ability and surely win one of the 224 prizes to be given for the work.

Some women won't be happy, heaven if all the wines are alike.

Are Once Labeled Poison
Years ago in the merry days of the English tavern there was a turn of mind among radicals over the "poisoning" of the ale drink by the common people. The trouble was caused when some one learned that in making ale sulphuric acid, made from Spanish pyrites, was used and that this contained arsenic. It was a tempest in a teapot, however, because it would have taken five barrels of ale to contain enough arsenic to hurt one individual.

Family Watch
A man in St. Louis has a watch on which the numerals of the face have been replaced with tiny photographs of the members of his family. He himself is 1 o'clock, his wife is 2 o'clock, his oldest child is 3 o'clock, and the other figures are covered by the pictures of the remainder of his ten children, 12 o'clock being the baby of the family.

Earliest Machine for Drilling.
The earliest known machine, which existed in Egypt centuries before the Christian era, was a contrivance to drill out stone vessels.

Not Matter of Principle
Honesty is the best policy, but he who acts on that principle is not an honest man.—Bishop Whately.

Emblems for Progressives

A Follette-Wheeler medallion or campaign emblem will be distributed among loyal independent boosters to raise funds for the campaign "war chest." Gutson Borglum, famous sculptor, shown here with the model, armed from his labors of cutting heroic figures of Confederate leaders on Stone Mountain, to make the device.

Uncle Eben

"Talkin' politics," said Uncle Eben, "ain't gineer save de country if it's done in a way dat spoils honest friends."

Saving That Stamp.

Marchetti's Swiss Yodlers

YODLERS TO GIVE FINE CONCERT AT CHAUTAUQUA

Yodeling is a highly cultivated art, here when Marchetti's famous Swiss Yodlers give a large repertoire of Swiss folk songs and instrumental numbers. The company is composed of Mr. Henry Marchetti, Miss Mitzi Admont, Mrs. Martha Marchetti, Jack Jost, Constantin Wunderle, all of whom are trained in the national costume, which with its flared silver ornaments, real lace and hand embroidery, are exceptionally beautiful and make a fitting and picturesque setting for the Swiss yodel songs—solos, duets, trios and ensemble numbers—which compose the afternoon and evening entertainment. An interesting account of the origin of yodeling, and the many uses to which it is put in this country is given by Mr. Marchetti, who, in turn, introduces the other members of the company.

The program which follows is a succession of beautifully rendered Swiss Folk Songs, descriptive, patriotic and characteristic, with zither accompaniment. These are interspersed with instrumental solos on the harp-guitar and zither.

Family Is Small

The number of young is most often three in the case of the larger western mole and four with the common eastern species, says Nature Magazine. They are born in the latter half of March and early in April.

Strange Experience.

A Topeka woman says the worst sensation is that feeling of "growing old" when one is asked to chaperone a party of "young folks" when there are several in the party older than the chaperon is.—Kansas City Star.

British National Flag

The "Union Jack," the national flag of Great Britain, came into being in 1801. It is an amalgamation of the banners of St. George, St. Andrew and St. Patrick, representing the three united kingdoms.

Pawning Is Popular

Many London society women habitually pawn their jewels and other precious possessions when they are going on a trip. Not wishing to leave their valuables in an empty house, they put them in a pawnshop, where they are assured of good care.

Good Talk Neutralized

"It don't make no difference how good a talker a man is," said Uncle Eben, "if what he says still leaves you guessin' 'bout what he's gineer do."

Qualities of the Great

A great man illustrates his place, makes his climate genial in the imagination of men and its air the beloved element of all delicate spirits.—Ralph Waldo Emerson.

Luxuries Are Comparative

When two prisoners were asked to name their reward for submitting to blood transfusions at Sing Sing, one asked for a bowl of spaghetti. The transfusion was made in an effort to save the life of a fellow prisoner.

New Cards Patented

A deck of cards, on the corners of which are numbers from 1 to 100, making possible the playing of 50 mathematical games, was recently patented.

Motor Truck Will Be Her Taxi

Doors of the Michigan Soldiers' Home Hospital will have to be moved to permit the departure of Mrs. Wanda Jenkins, 37, who, known as "700 sounds of good cheer," will leave the institution. A motor truck will be her taxi to her home at Milwaukie.

Entrenched Prejudice

Most nations live first, then, are docile only in youth; they become incorrigible as they grow old. When customs are once established and prejudices rooted, it is a dangerous and useless enterprise to try to reform them; the people will not permit their misfortune to be remedied upon, even for their instruction into the stupid and cowardly sect who shudder at sight of a physician—Jean Jacques Rousseau.

Independent Indians

The Croatan Indians in the state of North Carolina are not under the control of the United States government. They have their own tribal form of government. They are located at Pembroke, about 70 miles west of Wilmington, in Robeson county.

Now We Know

A correspondent, signing herself "Elizabeth," writes to me and asks: "Can you tell me why it is that more girls marry a man than in any other month of the year?" No, Elizabeth, we cannot tell you, even though it is that the girls do not have to start their wedding life by buying coal.—Brooklyn Standard Union.

Rose Water as Flavoring

Rose water was at one time widely used in flavoring food, and the Chinese still have rose fritters, while the Hindus delight in rose candy.
